PRESENT THE:

***ROAD RALLY CHAMPIONSHIP***  
***2010***

## **Introduction**

Welcome to the Team Northern Construction Road Rally Championship 2010, brought to you by Kirkby Lonsdale Motor Club and Kirkby Lonsdale Cars.

2010 sees the fourth running of the Championship and we are very pleased to have Team Northern Construction Ltd on board once again.

There will be 8 rounds across the north of England, giving a wide variety of roads to test the car and driver with different types of plotting/formats to test the navigators. The award winners at the end of the year should be those who are successful on all styles of event, not just 'specialists' in one particular area.

All the rounds are generally around 100 and 160 miles in length, running from Midnight to 6am, depending on the time of year. Entry fees are around the £60 mark, usually including breakfast for both crew members at the finish.

Knowing that many new crews are put off when they come across rough roads or difficult navigation, a brief summary of each event follows these regulations so you know what to expect. In addition, individual event regulations should give an honest picture of the format of the event, including details of the route, for example how many Whites (non-surfaced roads/tracks) are to be used, the type of navigation to expect and a basic schedule for pre-event scrutineering/noise test and the rally itself.

Following the supplementary regulations you should find a registration form. For just a fiver you can register in the drivers or navigators (or both!) championships, you will receive Bulletins featuring reports on events, the latest championship positions, details of forthcoming events and, of course, the chance to lap up the glory at the awards do at the end of the season!

If you need any more information or have any questions please feel free to contact me and I'll do my best to help out. In the meantime good luck getting those cars and maps ready, and I look forward to seeing you out and about in 2010.
